

Mrs. McClellan's Classroom Happenings

*****May 19*****

WOW! Can you believe we've reached the very last week of school? It seems like only yesterday that it was August and I was meeting my new class. I have enjoyed working with your children. All of them have made great progress over the course of the year. I hope each of you has a wonderful summer and wish success to all of the students as they move on to 2nd grade. It's been a great year made possible by you and your wonderful children!

What's Happening This Week
