

## 2nd GRADE SUMMER WORK

Summer homework packets is a Carson Dellosa booklet that is over first grade concepts that your child learned this school year. It is a review to keep their brain active this summer! Please complete the booklet and return it on the first day of school. If your child works on a couple of pages a day, then he/she will be right on track to complete it!

In addition to the booklet, please have your child read at least one book this summer, so that when they begin Accelerated Reader in August, they will be ready for a quiz. In short, Accelerated Reader is a reading program in which students will read books of their choosing, and can take short, multiple choice quizzes in order to earn points. AR also has a STAR test that is administered at the beginning of the year and at the end of each quarter. It will give your child a reading level which will help them choose books throughout the year that are just right for them. If there is a book your child wants to read or just loves, you can look it up on [www.arbookfind.com](http://www.arbookfind.com) to see if it is an AR book.

Have a great summer!
