

Hi future fourth graders,

I cannot wait to have you in my class in the fall. During the summer you will be required to complete a few summer assignments. If you work hard at the beginning of the summer, you will be able to finish all your required summer work. For math, you will need to complete 6 mathscore topics, but I know you can do it because they are all under the third grade tab, and you are smart. For reading, I have picked *Tales of a Fourth Grade Nothing* for you to read. *Tales of a Fourth Grade Nothing* is a super funny book and I think you will like it too. There are questions you will need to answer after each chapter. This will help you remember the book as you read. When you get back after summer break, we will complete an activity that will require you to know and understand what *Tales of a Fourth Grade Nothing* is about. You will also be required to pick 2 more chapter books to read and you will complete a character description sheet to write about the main character and then you will review the book and tell me how much you enjoyed the book. I know this may sound like a lot of work, but it will keep your brain healthy and hopefully you will have fun. I have included a check off sheet so you can keep track of what all you have completed. This work is due August 11th. Once again, have a great summer and I will see you in August!

Love,

Mrs. Johnson
